860-CGT-3 Desiccator (3 Chamber) Clear "Jeweled" Acrylic, Tabletop, 18"x18"x27", w/ 6 Shelves

Clear and Amber light-sensitive units. Our Desiccators are designed to protect, store, or assist in transporting critical materials and prevent their contamination. They are dust and moisture-free cabinets that safeguard valuable research specimens or sensitive electronic components. You may easily observe the status of your components without opening the door.

Under a slight positive N₂ charge they prevent moisture from penetrating the molecular structure of stored components. Amber-colored units "CGA" are very effective for protecting from harmful U.V. rays for light-sensitive components.

Standard Features of the Desiccators:

- Units are all stackable with non-slip "grip tight" feet.
- Standardized construction means interchangeable shelves.
- All shelves have perforated slots (holes) for optimum gas circulation.
- All Desiccators with two or more cubicles have a built-in divider for added strength.
- Units are constructed of optically clear "jeweled" acrylic.
- Slip-a-part hinges are standard.
- Sealing clamps are springloaded for uniform locking tension.
- Built in hygrometer (Rh) gauge.
- All units have "door guards" to prevent warping and possible loss of internal atmosphere.
- All shelves are spaced at 2" (50.8 mm).
- A special "gasket guard system" prevents gaskets from taking a set and causing a leak.

- Each cubicle includes two (2) Nylon gas-serrated nipples 1/8" & 1/4" (90-degree elbows with hose barbs).

Specs & Ordering Information	
Model (Domestic)	860-CGT-3
Model (Export)	860-CGT-3-EXP
Model (Domestic) Amber, for UV Protection	860-CGAT-3
Model (Export)	860-CGAT-3-EXP
Type	Clear (transparent acrylic)
Shelf positions	5 per chamber, a total of 15
Perforated shelves (included)	6
Shelf spacing	2" / 50.8 mm
Dimensions (W×D×H)	18×18×27 inches / 457×457×686 mm
Warranty	2 Years

860-CG-3 Desiccator (3 Chamber) Clear "Jeweled" Acrylic, 18"x18"x42", w/ 6 Shelves
